Author review and testimonial:

Recently, I experienced the occurrence of an acute facial neuralgia pain on my left side. I thought it was maybe a tooth infection exacerbated by the anaerobic bacteria in an old root canal; then again maybe it was just the increased stress and prolonged isolation from the COVID 19 lockdown? I don't know, it persisted though, and my situation became more than uncomfortable.

On July 1st, 2020, I began receiving the Scalar Light Healing sessions; these sessions are administered daily and remotely by way of a digital photograph; they consist of the Trinity of Light (3) three healing protocols: the Energetic Cleanse/Clearing; the Energy Balancing; and the Nutrient Support. It was nearly overnight and literally I felt the pain and discomfort leave my body - a profound and remarkable difference. The Scalar Light Healing sessions are nothing less than a God-send.

Before I received these daily sessions, I was operating well below normal and working sub optimally. I endured the daily stinging of facial nerve pain now completely subsided - no more pain. This is an incredible relief, no PHARMA medications, no pain killers – it felt solid like a real level up. The scalar light sessions supported and upgraded my energy and attitude - thus the purpose of this review, my immense gratitude – indeed, I feel like a different person; a better person.

It is my belief that Tom Paladino is a genius; his mission to heal the planet and eliminate suffering from all those dealing with pathogenic diseases is mighty and noble. I hope the information in this review opens the door to new pathways to explore more inspirational healing options which are available to all of us.

So, what is scalar light energy – and what kinds of results do the healing sessions provide?

Scalar Light Energy - Facts & Prophecies:

The following is a series of mystical locutions and insights received by Tom Paladino and several Christian mystics who have come forward to impart their wisdom regarding Scalar Light:

There are two (2) types of energies in the universe: scalar light and electromagnetic energy. Scalar light observes different laws of nature as compared to electricity and magnetism. The Sun in our solar system; the stars in our galaxy; even the bright comet skirting our night skies – these are all sources of scalar light energy. Indeed, the benevolent origins of our Universe are all made of scalar light and created by God.

All energy in the Universe originates as scalar light energy. In some instances, scalar energy degrades into electromagnetic energy. Scalar light is a divine light: a dimension outside of the electromagnetic dimension. Thus, scalar light operates in a dimension outside of the electromagnetic dimension.

When God created the Universe only scalar light energy existed. It was the fall of Adam and Eve which brought about an inferior type of energy, known as electromagnetic energy.

In the coming Era of Peace, also known as the Golden Age, only scalar light energy will be found in the Universe. Electromagnetic energy will no longer exist during the coming Era of Peace.

The characteristics of scalar light:

- Scalar light energy does not experience entropy, or weaken over distance or time. Thus, scalar light energy is "divine" energy and a form of eternal light. Scalar light is a conduit of Source - and Source is the conduit of the Universe. There is nothing but Source.
- Every prayer, emotion, thought or physical action is an emanation of scalar light energy.

- Scalar light carries the instructions of the universe. All spiritual, mental and physical activity of the universe receives instructions initially from scalar light. Thus, scalar light imparts the divine instructions from God; scalar light is the conduit for the instructions of God.
- Scalar light energy assembles and maintains all forms of matter from ether; ether is the fundamental substance of the universe: all atoms, molecules, elements, plants, animals, man, planets and the stars are composed of ether.
- Scalar light energy instructs all physical matter to assemble, as well as disassemble in the universe; it is an informational wave of energy that is exclusively responsible for the geometry of the Universe.
- There is no frequency in a scalar light force field. Scalar energy does NOT travel from one location to another. Rather, scalar light is the presence of the Holy Spirit - and God fills the dimension of the Universe, instantaneously.
- Scalar light energy assumes the shape of a double helix, or phi spiral. The length of one (1) full cycle of the phi spiral is 1.618... times greater than the width of the phi spiral. The mathematical value of phi is 1.618... and it is found throughout all of creation.
- Scalar light is the cause of time by the rotation of a scalar wave in one direction causing time to move forward; whereas, the rotation of a scalar wave in the opposite direction will cause time to move backward. Thus, scalar light is a dimension that transcends time. In a perfect scalar light paradigm, time is always in the present moment.
- God created light scalar energy when he commanded: "Be light made. And light was made." Genesis 1,3. Scalar light energy is the Word of God.

Finally, scalar light is the very essence of God; it is a direct manifestation of the Cosmic Christ, Jesus Christ, born as Yeshua, the Christ, and known as the Son of God.

So, how is it that the Scalar Light standardized daily treatments disassemble germs, bacteria, fungus, pathogens and viruses? They're everywhere, right? Life is made up of these things. Our bodies are made up of these things. All of these 'diseases' are in fact symptoms of an underlying toxicity within the cells. These 'viruses' are also manufactured within our own bodies as a protection mechanism against an over-toxicity in the body brought upon by our food, our thoughts, our stressful lifestyles and our chemically tainted environments – these can create an over toxicity in our bloodstreams. When we become overly toxic our body creates a natural detoxification process which we call a 'flu,' a "cold" or 'pneumonia,' we thereby allow our body to naturally rid itself of these deadly toxins.

When we introduce scalar light to an already toxic situation within the body it becomes an intuitive intervention that can best be described as a "divine intervention" of healing – a direct healing from Source; an instruction, or conduit from Source translated as a recalibration message from another dimension that alters our energetic body, thereby the physical body receives the instruction - and we, in effect, heal quite dramatically. The miraculous is made simple. It is indeed a 'divine' recalibration instruction process to restore a very toxic body to a very healthy body via scalar light. This daily recalibration from the 'Trinity of Light' (3) standardized healing protocols administered to the client remotely by way of a photograph sequentially restore the body back to dynamic vitality. The best part is that a renaissance of renewed health and wellness returns to the client within a relatively short period of time.

The following testimonials purport scientific fact, i.e., evidence and subsequent testimonials from lab results: here are some very satisfied Scalar Light clients who received multiple standardized sessions over a period of several months to a year – they all achieved some very remarkable and outstanding lab results:

#1 Epstein Barr – Cytomegalovirus testimonial

FOR THE WORLD

The testimony below is from a woman that suffered from Epstein-Barr virus infection for over 20 years. Both the Epstein-Barr virus and the cytomegalovirus were eradicated by the Scalar Energy Pathogenic Cleanse.

Hi Tom,

I had Epstein Barr Virus (EBV) for 20+ years and was told by conventional and functional doctors that there was no way to get rid of it. I suffered from chronic fatigue and mysterious rashes for many years and thought all I could do was boost my immune system to try to deal with it better.

When a health coach friend recommended that I try Scalar Light Therapy, I figured I had nothing to lose. I knew it worked because the fatigue finally lifted and stayed away. The rash has been gone for 6+ months now. I had a GI Map test to confirm that my EBV (along with CMV and chronic parasites that I also dealt with) are ALL gone. Everyone suffering from chronic or stubborn infections should absolutely do Scalar Light Therapy. You have nothing to lose and everything to gain.

Viruses		
	Result	Normal
<i>Cytomegalovirus</i>	<dl	<1.00e5
<i>Epstein Barr Virus</i>	<dl	<1.00e7

The Scalar Energy Pathogenic Cleanse negates the molecular bonds of the Epstein-Barr Virus as well as the cytomegalovirus thereby causing these infectious agents to cease to exist. Thereafter, the symptoms associated with the Epstein-Barr virus as well as the cytomegalovirus infection diminish and typically disappear over a period of time.

May God grant you excellent health.

#2 Herpes Epstein Barr virus PCR lab result and testimonial:

scalar energy
FOR THE WORLD

The testimony below is from a woman that suffered from the herpes virus as well as the Epstein-Barr virus for over 40 years. The Scalar Light Pathogenic Cleanse was administered and served to eradicate both the herpes virus as well as the Epstein-Barr virus from her body.

I could hardly believe that viruses could be eradicated with scalar energy healing, but when I recently received the results from my PCR test, I was so happy and relieved that I no longer have the herpes and EBV in my system!

I have suffered for over 40 years with these two viruses and am now well on my way to regaining full health.

Thank you Tom for your outstanding work for humanity. Blessings.

#3 HIV_1 PCR lab result and testimonial:

scalar energy
FOR THE WORLD

The testimony below is from a man that suffered from HIV viral infection for over five (5) years.

My experience is that I have been doing the scalar energy therapy for pathogens, nutrients, and chakra balance since April 2018. Just 4 months. And for the first time In 5 years, I have tested non detectable. For HIV. For the last 5 years it has never been undetectable there has always been a viral load. I know this was scalar energy because I have had blood tests every 90 days for 5 years and could not get the virus controlled. Dr wanted to change meds but I told him let's wait, I'm going to try something. And this was it! I'm so grateful to God and grateful for this healing. Thank you Tom for your passion and dedication to help bring this light to the masses. God bless you.

HIV 1 RNA, QUANTITATIVE REAL TIME PCR (W)

NAME	VALUE	REFERENCE RANGE
F HIV 1 RNA, QN PCR	<20 DETECTED 	NOT DETECTED (copies/mL)
F HIV 1 RNA, QN PCR	<1.90 DETECTED 	NOT DETECTED (Log copies/mL)

- This patient had an HIV-1 RNA viral load below the lower
- Limit of Quantitation for this assay (20 copies/mL), but
- above the lower Limit of Detection for the test. Because
- of the low viral load, we were unable to determine the
- actual level of the virus in this patient's sample.
- Repeat testing may be warranted, when clinically
- indicated.

- This test was performed using Real-Time Polymerase Chain

The Scalar Energy Pathogenic Cleanse negates the molecular bonds of the HIV virus (human immunodeficiency virus) thereby causing the infectious agent to cease to exist. Subsequently, healing takes place as the body recovers from HIV viral infection. Thereafter, the symptoms associated with HIV viral infection diminish and typically disappear over a period of time. May God grant you excellent health.

#4 Lyme Borrelia PCR lab result and testimonial:

scalar energy
FOR THE WORLD

The testimony below is from a woman that suffered from chronic Lyme disease for 7 years.

"After my Scalar Treatments in April and October 2017 I had the PCR blood test, which turned to negative, thank God!

This was after having had the infection for seven years. All that remains is the tissue damage and autoimmunity affecting my legs, which is slow in going."
